Dear Mr. Dale,

I hereby apply for a permit to grow hemp under Minnesota Statute 18.321 "Growing Hemp (Cannabis Sativa L.) for Commercial Purposes; Licenses."

The Property intended to be so used is located in Beltrami County, Minnesota, described as follows:

North Half of Northeast Quarter (N 1/2 of NE 1/4) less North 400 feet of East 500 feet thereof, Section Twenty (20), Township One Hundred Forty-eight (148), Range Thirty-two (32);

I intend to produce and sell baling twine as the need for baling twine in our area is great. I also reserve the right to sell the hemp for other commercial purposes specified in 18.321.

I also intend to notify you of the sale or distribution of the hemp product and the names of the persons to whom such hemp is sold or distributed when this license is approved in compliance with section 18.322.

Any correspondence regarding this matter should be addressed to my attorney:
