Dear Mr. Wright:

As my secretary previously informed you, the Minnesota Attorney General's Office has informed the Department of Agriculture that we have authority to issue a hemp permit under Minn. Stat. Section 18.321 (1990).

I understand she also advised you that a permit must first be obtained from the U.S. Department of Justice-Drug Enforcement Administration before a permit can be granted by the Minnesota Department of Agriculture.

Please contact us once you have received the hemp permit from the U.S. Department of Justice-Drug Enforcement Administration so that we can obtain any additional information required before determining whether a permit shall be issued to you under Minn. Stat. Section 18.321.

Please call me in the interim if you have any questions.

Very truly yours,
